6:00 pm – 7:00 pm Presentation and Q&A

Fibromyalgia is characterized by widespread pain in muscles, ligaments and tendons, fatigue, and multiple tender points on the body causing pain from slight pressure.

Dr. Jason Y. Hui will explain the neurological and physiological causes of this baffling chronic condition. He will also discuss chronic muscular pain, fatigue, depression and its effect on the body.

You will leave with a better understanding of why you suffer from these symptoms, and you will be offered solutions.

Ample time will be provided for questions and answers.

About Dr. Jason Hui

Dr. Hui is a Doctor of Chiropractic, Naturopathic Medical Physician, Board Certified Acupuncturist and Board Certified Nutritionist. He treats patients at Affinity Healthcare's office located at 1590 N. Arlington Heights Road in Arlington Heights.
